CITY OF CORNING
APPLICATION FOR TREE PLANTING

Name:_____ Planting Location: _____

Phone: _____ Date: _____

PROCEDURES:

1. The City maintains a list of tree species and varieties approved for planting on the City right-of-way. Trees are selected for insect and disease resistance, adaptability to local climate and soils, resistance to ice and wind damage and sound structure and desirable growth habits. Check our list of approved and unapproved species. Not all species are approved for all sites for a number of reasons, such as, width of planting area, overhead utility line, sewer, water, and gas lines, exiting trees and traffic flow. The City reserves the right of approval of the species for each site and will offer the best recommendation possible for the most appropriate tree for your site.

2. Approved trees for City Streets:
   Attention property owners: A permit to plant any tree(s) on City Property needs to be obtained BEFORE planting is done.
   Minimum tree trunk size is one (1") inch in diameter.

	NAME	COMMON NAME	HEIGHT	CROWN	REMARKS
	AMELANCHIER CANADENSIS	SHADBLOW SERVICEBERRY	20	20	TREE FORM/FLOWERING/WHITE
S	AMELANCHIER X gr.	AUTUMN BRILLIANCE SERVICE BERRY	20	15	FLOWERING/WHITE
