

Curbside Garbage Collection

The City of Corning sells garbage bags (Blue Bags) as a means to finance curbside garbage collection. Users of the System purchase Blue Bags at City Hall, the Senior Center or local retailers. Once full of garbage, the resident places the bags curbside once per week on the designated collection day for pickup. The City sells two different sizes of bags depending on each resident's needs.

With this system, residents only pay for what they dispose, providing a more fair way of distributing costs. The system also provides financial incentive for residents to reduce the amount of household garbage entering the waste stream and recycle more materials.

Additional information on collection rules, bag prices, and guidance can be found in the City's Annual Calendar and on the City website in the Public Works section.
