Phase Two Re-Openings
May 29, 2020**

We understand the business community was anticipating the start of Phase Two of the Southern Tier's Reopening on May 29th. Unfortunately, the State of New York has not authorized any region to progress to Phase Two. Only businesses permitted under Phase One by the State are allowed to operate at this time. The City has not received any information from New York State concerning the timing of openings under Phase Two.
